INTEROFFICE MEMORANDUM

To: The Board of Commissioners

Date: March 25, 2015

From: Jeff Friend, Financial Reporting Manager

Subject: February 2015 Financial Report

Attached for your review is an unaudited year-to-date financial report as of February 28, 2015. This report shows year-to-date actual results, budgets and variances expressed in both dollars and percentages. The report, in a working capital format, details revenues, expenses, and other sources/uses of working capital. Working capital is defined as current assets minus current liabilities and is a metric that is used to measure the ability of an organization to meet its near-term obligations (less than one year). Each report in this format will reconcile the current period working capital to that of the prior period.

Summary: Year-to-date operating revenues and operating expenses are 2% below budget and 2.6% over budget, respectively.

Key Operating Variances	Variance (\$)	Variance (%)	Footnote
Operating Fund Subsidy Occupancy Expenses	(1,965) 1,536	(4.2) 4.1	1 2

- O Yellow are negative variances of less than 5%
- 1) The budget estimated the Authority would receive 83.5% of its 2015 eligible Operating Fund Subsidy. HUD is currently using an interim prorate of 82.35% which results in the Authority receiving less Subsidy than anticipated. Final prorates will not be known until much later in the year.
- 2) Sewer expenses were under-budgeted in January and February.

Non-Operating Revenue and Expense: Non-operating revenues and expenses are both over target as work on four unit upgrades was budgeted evenly throughout the year, however; one unit upgrade at Cedar Grove had already been completed in February while work on another had begun at Hillsview. The budget will sync-up to actual unit upgrade expense as the year progresses.

Working Capital: The year-to-date working capital balance is \$327,439; the equivalent of approximately 9 months of operating expenses.

SEDRO-WOOLLEY HOUSING AUTHORITY Housing Management Report

February and March 2015

Vacancy Report

	Vacates	Housings	Completed Upgrades
Hillsview	4	1	1
Cedar Grove	1	1	1

Average Unit Turnover Rates for Hillsview

We had four move outs at Hillsview; all of them tenants who died while still in occupancy. One of them was an upgrade and we housed it during this time frame, one was not an upgrade but was housed at the start of April and the other two are upgrades, we anticipate housing these units before April ends. We had a total of 50 days for the unit upgrade that was housed. To date we have an average of 24 vacancy days for the upgrades being completed now.

At Cedar Grove we had a unit upgrade, was vacant 67 days. Person living there had lived in the unit for 21 years, and was one of our long time flat rent payers, who did not give proper notice so was listed as a skip, but management has since found out that she actually bought a house when she moved out.

Current Applications of Wait List as of April 6, 2015
